

PATHS UPDATE: April 2018

Ben Aan The hill path and car park are now open.

Loch Lubnaig Trail and Stank Glen footpath, Strathyre Tree felling operations are now complete so we can open the Loch Lubnaig trail. The road surface has been damaged during the operation and will be repaired. In the meantime, we ask all users to take care on the rough surface.

The Stank Glen footpath is also open, but has been similarly damaged by the tree felling operations and in places the route is unclear. The path will be repaired but, in the meantime, we recommend visitors use the road as an alternative route or, if using the footpath, to do so with great care.

Ben Ledi Footpath improvement works will be taking place from 10th to 12th April on a short section of the hill path. The path will be open but we ask all visitors to obey any safety signage and directions from the work supervisor. This work is being done by volunteers from The Mountains and The People project.

Rowardennan Phytophthora ramorum, a disease that affects larch trees has been confirmed at Rowardennan, more information on this tree disease can be found at <http://scotland.forestry.gov.uk/supporting/forest-industries/tree-health/phytophthora-ramorum>.

Felling of the infected trees has now been completed, but visitors should still take care when visiting. Information on how to protect our forests is available on site, plus brushes for cleaning your boots. For more information on how you can help protect our forests, visit - <http://scotland.forestry.gov.uk/keep-it-clean>.

Beinn an t-Sidhean due to tree felling operations, the lower section of the hill path is diverted. This has been extended until the end of April 2018. Please see map for further details.

Leny Woods Phytophthora ramorum, a disease that affects larch trees, has been confirmed in Leny woods. More information on this tree disease can be found at <http://scotland.forestry.gov.uk/supporting/forest-industries/tree-health/phytophthora-ramorum>.

Felling of the infected trees has now been completed, but visitors should still take care when visiting. For more information on how you can help protect our forests visit - <http://scotland.forestry.gov.uk/keep-it-clean>.
