

CALLANDER COMMUNITY MONTHLY MEETING 11.01.21

Chair's general update

Note: *This is an interim report which may be expanded and updated at the meeting in the light of current developments and discussions with SC.*

General overview: council membership

At the December meeting, we welcomed a second co-opted member, Olga Watkins, who was voted in. We will benefit from her professional experience.

Following the resignations since the December meeting of the Treasurer and the Secretary as both office-bearers and council members, we have another two membership vacancies which can be offered for application to potential co-opted members if we decide these need to be filled immediately. Our maximum number is 14, and we now have 12 members, two recently voted in as co-opted members.

A short factual text, (draft circulated; details to be updated) has been sent to the BLV for its upcoming issue.

Meetings attended since the December meeting

Fewer than normal, due to the holiday period. These will now resume.

AS CCC CHAIR

18.12 Regular online meeting with Carlyn Fraser (SC) and Marilyn Moore (Callander Enterprise capacity) on current road and parking concerns.

SC discussions with Transport Scotland on A84 proposed 20mph speed limit are ongoing and a decision is imminent. Once decided, SC will extend the 20mph limit to side roads.
AP: *SH to pursue.*

SC work on Invertrossachs Road passing places, verge improvement and relevant signage is now completed.

29.12 Discussion with Andy Tatnell about a forthcoming Napier College research project on policing in rural areas in the context of the current covid-19 situation and their request for CC members to take part in a conversation with him to feed in to this (previously circulated).

This links in to the recent SLV residents' document, also circulated.

AP: *SH to check on potential volunteers at 11.01 meeting,*

IN A JOINT OR INDIVIDUAL CAPACITY

21.12 As part of the Bridgend, Grant Court and South Church Street floods group: A brief (on-site) discussion with Maria Lucey (SC) at the end of her visit to these houses and gardens potentially affected by flooding, following the group's communications with her and the Ward Councillors and in the context of the Meadows Car Park Wall consultation.

The group have written an article for the forthcoming BLV and have a members' update meeting on 13.01.
