

Callander Community Council – Camp Place Update

Another Success - A grant has been awarded to Callander Community Council for fencing around the toddler/inclusive play area in Camp Place Play Park.

Callander Community Councillors are delighted to announce that they have been successful in being awarded a National Lottery Community Fund from Awards for All for £10,000. The grant is to pay for fencing and gates around the toddler/inclusive play area in Camp Place where a previous grant for Town Centre Accessibility has been used to create a hard surface pathway for buggies and wheelchairs to more easily reach the play area from the pedestrian pathway.

The Play Park fund now stands at over £120,000 which has more than doubled the original planning gain. Callander Community Council has been working with Stirling Council to obtain 5 separate grants as well as receiving contributions from various local organisations. We have about another £30,000 to go before we are fully funded.

If you have any queries about the play park or the BMX/Bike track at Camp Place please contact campplaceplaypark@gmail.com for further information.
