**GENERAL OVERVIEW**

Time has been spent on trying to understand and answer queries raised by one member on the accuracy of the October, November and December 2020 minutes, and his suggestions that some items had been changed or omitted with the Chair's knowledge. No resolution to date.

Extra time (5 hours) was therefore spent on checking and annotating the initial draft minutes of the 08.02.21 meeting against its video recording before passing the annotated version to the Secretary for finalisation.

Various discussions with the Vice Chair on ongoing topics, including meetings content and focus groups, and with the Secretary on Minutes and Agenda content and style.

Other ongoing discussions on the Community and Climate, Community Building and LPP projects.
