

Monthly report	
Subject:	LPP
Meeting date:	10 May 2021
Author:	Roger Watt
Date of report:	5 May 2021

I ask CCC to consider these proposals:

1. There is no valid way that CCC can pay the costs associated with focus groups.
2. CCC agrees now to pay up to £1k for leaflets, mailshots etc. for the first phase of LPP.

In addition, I will briefly explain the ways in which CCC can become an active contributor to the consultation at the appropriate stage. It is important at that stage that CCC can be readily seen to be (i) informed by community needs and views and (ii) not exerting undue control of the process of consultation. This necessitates a considerable degree of independence for the process from CCC. The following proposal will be sufficient to achieve this:

3. CCC agrees to appoint RJW (or another person, not necessarily from the CCC) to the team managing the LPP process. RJW (or other appointee) will keep CCC informed in detail at all stages but will not represent CCC.

Freedom of Information Responses from Stirling Council.
