

# Callander Community Council

Meeting Date: 13 December 2021

Subject: Chair's report 09.12.21 for  
scheduled meeting

Report from: Susan Holden

## General

**The extreme weather and subsequent power outage affecting Callander and surroundings in mid-November has led to a perceived need for clear cross-community communication and (where available) practical support. This is complex and needs clear discussion and decision-making involving both individuals and the relevant bodies and organisations. It is hoped to initiate this with a wide-ranging meeting early in the New Year. *More to follow!***

## Monthly meetings

At the time of writing, it is still unclear when it will be advisable to return to live meetings, although it is our intention to do so as soon as we feel this is safe, taking into account the likely participants. We are continuing to follow both general official advice and specifically that of the Secretary, a medical professional, given the recently rising number of Covid cases.

## Meetings (Chair's attendance)

Since the November meeting, the following have been attended. For further details of their content and outcome, send a request via the [Secretary556@gmail.com](mailto:Secretary556@gmail.com)

Several meetings were cancelled or postponed, due to the bad weather.

## 18.11 Monthly on-site meeting in Meadows Car Park with SC Roads Officer

The main item discussed was the items carried forward to the next financial year, plus any likely impact on traffic and parking from the planned Bracklinn Bridge demolition (unlikely - LLTNP area). A new CC Associate Member will be the cross-community communication point for this after our December meeting

## Monthly online meeting with Stirling Council Roads team leader (Carlyn Fraser)

Raised: public request for pedestrian crossing near the High School. Under discussion with the appropriate bodies.

## Minute-taker

A short meeting was held with the prospective Minute-taker to describe the current CC membership, meeting structure within SC guidelines, and practical needs.

## IN A PERSONAL CAPACITY

### 26.11 CCDT Board

Monthly board meeting.
